

Online Booking Features	Booking System Basic Edition	Booking System Standard Edition	Booking System Premium Edition
Easy To Add To Your Web Site No complex installation and no technical knowledge is required to add live availability display to your web site - you just add a simple html link. We manage all the on-going technical side of things - so you can relax and concentrate on managing your business and generating bookings!			
Display Live Availability Display live availability, prices and take online bookings and payment via your web site.			
Take Bookings Online Don't let customers escape! With online booking they can check availability and book right away. Add availability and booking to your site quickly and easily - no complex installation and no software to maintain. As with all our booking pages you can upgrade them to match your web site. Management of bookings, prices and preferences is all done via your own secure and simple to use management console.			
Take Online Payments Our system supports a wide range of payment options			
Web Site Price Table Keeping your accommodation's tariff page up to date is easy with our price table feature. No longer will you have to manually edit a web page or call in a web designer when wanting to update prices for next year. Via an easy to use management page updating prices on your web site is quick and simple and requires absolutely no technical knowledge or web design skill. As with all booking pages you can upgrade to a customised version that matches your web site.			
Editable Special Offers Page			
Contact Us Page Want to ensure your customers can contact you but tired of spam generated via your website? The Standard and Premium accounts include a contact us page you can add to your website. It enables customers to view your contact details and contact via email but without giving away your email address to spammers. As with all booking pages you can opt to have it customised to fully match your website.			
Availability Search The online search facility lets your customers search all of your properties for availability. Search results can include property name, location, description and small thumbnail image. You can opt to have the search page customised to fully match your website			
Advanced Search Options			
Option To Have Booking Pages Match Your Site The online search facility lets your customers search all of your properties for availability. Search results can include property name, location, description and small thumbnail image. You can opt to have the search page customised to fully match your website			
Exceptional Service Reliability We're fanatical about service reliability and aim to ensure you never lose bookings because the servers are unavailable. In 2008 the system overall service uptime was 99.98%.			

<p>Increased Customer Confidence With VeriSign SSL And McAfee Security We boost your bookings by increasing customer confidence with the use of VeriSign SSL and McAfee verified security. VeriSign is one of best known SSL security seals - highly trusted by consumers. With McAfee's Secure scanning system, the booking systems under go daily security scrutiny so that you and your customers can be sure our systems keep personal data safe.</p>

Booking Management Features

<p>Manage Bookings Via Secure Admin Console Manage your bookings, prices and preferences via your own secure online admin console. Accessible from any computer with an Internet connection - now you can manage bookings from home, work or even while away on holiday!</p>			
<p>Add/Edit/Delete your own prices</p>			
<p>Additional Break Types</p>			
<p>Generate Invoices Use your admin console to quickly and easily generate invoices for bookings and take payment for them online.</p>			
<p>Create Discounts</p>			
<p>Create Special Offer Codes</p>			
<p>Create One Off Special Offers</p>			
<p>View Achieved Bookings</p>			
<p>Record Enquiries</p>			
<p>Track Advertising Referrals It's vital to have good advertising, with a Premium system you can keep a record of which advertiser generated a booking. The reports feature lets you generate a report detailing who referred the most bookings, helping you decide who to advertise with next year.</p>			
<p>User Management Create additional users, enable them to log on to your booking management system and specify whether they should be notified of new bookings by email or text message. Additional users have less control than the main admin user.</p>			
<p>Notify Multiple People Of New Bookings You can opt to have your agent or others automatically notified of new bookings received.</p>			
<p>Create Reports Download data and reports from the booking system and save them to your PC. Reports can be viewed and edited by most spreadsheet programs such as Microsoft Excel.</p>			
<p>Action Required Checklist Our action required checklists make it easy for you to keep track of what needs to be done. Track of important tasks such as new bookings, late payers, unpaid invoices and imminent guest arrival</p>			
<p>Bookings Overview</p>			

Printable Overview Chart Printable overview chart of your availability to keep by the phone - lets you see availability at a glance.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Calendar Stats Which months are your customers interested in? Which of your properties is getting the most views? With our system you can keep track of how many visitors are viewing your calendars and what months and properties they view.			<input checked="" type="checkbox"/>
Download Documents			<input checked="" type="checkbox"/>
Advanced Peak Season Settings			<input checked="" type="checkbox"/>
Property Specific Settings			<input checked="" type="checkbox"/>
SMS Booking Alerts Get immediate notification of new bookings even when away from your PC with our SMS Alert facility. Because you're notified immediately the SMS alert also minimises the risk of double bookings and means you can follow up bookings more quickly.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Specify Deposit and account currency	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Editable Terms and Conditions	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Add Additional Questions To Booking Form			<input checked="" type="checkbox"/>
Add Additional Booking Charges			<input checked="" type="checkbox"/>
Accommodation Types			<input checked="" type="checkbox"/>
